

Mid Month HDR Update

Literature Review Bootcamp

Transform your approach to literature review writing. This intensive bootcamp teaches you how to manage vast amounts of reading, develop your academic voice, and create a foundation that strengthens your entire thesis. Perfect for second-year candidates grappling with information overload.

The bootcamp covers:

- Creating effective personal knowledge databases
- Developing note-taking systems that actually work
- Using AI tools to enhance your reading and synthesis
- Finding and asserting your academic voice
- Writing techniques for managing complex information
- Strategies for ongoing literature management
